### Silicon (Si) Wafer 矽晶片

|               |       |                  |                         |
|---------------|-------|------------------|-------------------------|
| <b>Grade:</b> | Prime | <b>#prd code</b> | 6P1 1-5 675-25-10-1F-S0 |
|---------------|-------|------------------|-------------------------|

|                  |              |              |         |
|------------------|--------------|--------------|---------|
| <b>Diameter:</b> | 6" (150.0mm) | <b>Type:</b> | P/Boron |
|------------------|--------------|--------------|---------|

|                     |       |               |                      |
|---------------------|-------|---------------|----------------------|
| <b>Orientation:</b> | <111> | <b>Finish</b> | Single Side Polished |
|---------------------|-------|---------------|----------------------|

|                     |                                                                                        |
|---------------------|----------------------------------------------------------------------------------------|
| <b>Description:</b> | 150mm, P type, Boron, <111> ON, 1-5 ohm cm, 675um +/-25, TTV <10um, Single Flat, Prime |
|---------------------|----------------------------------------------------------------------------------------|

|                             |                                             |
|-----------------------------|---------------------------------------------|
| <b>Material Properties:</b> | More detail as Specification or Contact us. |
|-----------------------------|---------------------------------------------|

|                         |                                             |
|-------------------------|---------------------------------------------|
| <b>Surface Quality:</b> | More detail as Specification or Contact us. |
|-------------------------|---------------------------------------------|
